

## **auto access**

### **Important information about required digital course materials for your class(es).**

#### **What is Auto Access?**

Auto Access course materials are digital versions of textbooks and other support materials that are available on the first day of class, in I-Learn.

[Click here to access I-Learn.](#)

#### **What happens if I opt out?**

On your book list, there is an option to opt out of the auto access materials. However, please note that doing so will terminate access to the required digital material. If you plan to drop the class, you will automatically be opted out of the materials.

[Click here to access your Book List.](#)

#### **How will I be charged?**

As a convenience, we wait to charge your student account until after the Add deadline. This allows you to make sure you want to take particular courses before being charged for the materials. You can find this charge on your student account after (date - auto populated?).

[Click here to access your student account on MYBYUI.](#)

Reserve your course materials here: [Text Express Reservations](#)

Compare textbook prices online here: [I-Compare.](#)
